

### Important Update from MassHealth: New Medicaid Management Information System (NewMMIS) & Member Cards

#### Important Notice

To prepare for NewMMIS, MassHealth is issuing new member identification (ID) cards to all MassHealth members between 10/06/08 and 1/30/09.

October 3, 2008

The new card will display the member's name and a new 12-digit ID number. MassHealth is making every effort to mail all cards associated with a household or case at the same time; however, it may take longer for some members to get their new card due to the number of cards being mailed.

#### Important Billing Information for Providers

The new ID cards can be used immediately by members, however, please do not use the new member ID number for billing purposes until further notice.

Further details about the new MassHealth card can be referenced in the June 2008 **All Provider Bulletin 176** available on [www.mass.gov/masshealth/newmmis](http://www.mass.gov/masshealth/newmmis).

#### Reminder to Providers

Please verify eligibility for service on the date of service as a MassHealth card does not guarantee eligibility.

#### Questions?

Please feel free to go to [www.mass.gov/masshealth/newmmis](http://www.mass.gov/masshealth/newmmis) and access the June 2008 **All Provider Bulletin 176** for more information.
